Product Guide Sheet

Viewed Electronically Links Are Active

Agriox Agriox.com

Agriox is a revolutionary time released aerobic aeration conditioning product for soils and soil moisture providing critical life sustaining oxygen to microorganisms.

SoilSurfactant.com

The Online Soil Surfactant and Soil Penetrant information source to address the "How To and When" for all your moisture management needs.

HydraHawk HydraHawk.com

HydraHawk is a highly efficient soil surfactant that is fast, concentrated, very economical and best of all made from 100% all natural materials. HydraHawk is great addition to a maintenance program as it promotes moderate penetration while balancing moisture in soil horizon zones.

Penterra Penterra.net

Penterra is effective soil penetrant and soil surfactant product for addressing hydrophobic profiles and horizons. Penterra keeps soils from locking up, aggregates clay soils, aggregates soil, improves soil structure and allows water and oxygen to better reach plant roots by reducing the surface tension between the water and the soil.

Humawet Humawet.com

Humawet is a uniquely formulated high grade soil penetrant and humate with added long term effects. It helps reduce crusting, loosens up hard clay soils, aggregates sandy soil, and allows water and oxygen to better reach plant roots by reducing the surface tension between the water and the soil.

DETOX SoilFlush.com

DETOX is a reacted blend of organic acids and organic amines designed to physically and chemically reduce accumulated salts from the soil profile. This biodegradable mixture precipitates sodium, which in turn improves water infiltration increasing the vitality of the living soil.

FertaFlow TheOrganicPlantFood.com (2-2-2)

100% Organic FertaFlow is made from fresh fish carefully processed at low temperatures to maintain the integrity of naturally occurring amino acids, vitamins, hormones and enzymes. Great for flowers, turf, shrubs and trees.

Carbotein Carbotein.com

A Natural Plant food for soil or hydroponic Growers. Carbotein is an economical natural soil conditioner with superior plant growth promoting properties. Carbotein is a mixture of vegetable extracts that can be used alone or added to other sources of nitrogen, phosphorus, and potassium.

HydroGro HydroGro.info

As both an alkaline and acid soluble potassium humate, HydroGro is truly unique. Unlike any other available humate, HydroGro completely dissolves and will not precipitate when added directly to fertilizer, micronutrients, or biostimulant formulations of any pH.

Grizzly Foliars GrizzlyFoliars.com

Grizzly Foliar Nutrients provide the professional turf and landscape manager with convenient tools for developing and maintaining exceptionally high quality turfgrass & botanicals. All Grizzly products are biodegradable and may be combined with Nitrogen, Phosphorous, and Potassium while remaining in solution.
